This is an exciting opportunity to join our exceptional team at our busy farm cafe.

We are looking for a hard-working and reliable chef/cook with experience of working a busy kitchen service and managing a team.

Our passion lies with using ingredients grown in the farm's kitchen garden, found growing wild or sourced as locally as possible, whenever possible. Our breakfasts, brunches and lunches are made freshly on site with the menu focussed on unfussy food with great flavour and provenance.

- Prepare, cook and present food, maintaining consistently high standards.
- Work efficiently and remain calm when under pressure.
- Process orders smoothly & deliver friendly and professional service to customers at all times.
- Have an aptitude for learning about food and understanding where it comes from and how ingredients can be used to maximise flavour.
- Show initiative and the ability to prioritise jobs, multi task and work flexibly.
- Manage and work within budgets.
- Manage a small kitchen and front of house team effectively including organising rota's and ensuring all hazard analysis and critical control points (HACCP) are adhered to.

The job also involves food handling, stock control, placing orders, handling deliveries and cleaning responsibilities. There will be opportunities to develop your skills and experience.

All candidates must be eligible to live and work in the UK.
